

**Joe Lackey**  
Chief Financial Officer

Joe Lackey has served as HealthNet's Chief Financial Officer since May 2021. He leads the organization's financial planning, budgeting, accounting, financial audits, billing, revenue cycle management, accounts receivables, accounts payable, insurance services and other key functions.

Lackey joined HealthNet in 2018 as Controller and has more than 14 years of experience in health care financial management. Before joining HealthNet, he served as a Senior Manager at Myers and Stauffer, a firm providing accounting, auditing, consulting, data management, and analytical services to state, federal and local health care and social service agencies.

Lackey has a bachelor's degree in business administration and a master's degree in accounting from Ball State University.
